## TWO DIE FROM INJURIES ON HIGHWAY

## CAMERON HAS NEW \$40,000 STEAM LAUNDRY

### The Real Truth About It

(Waco News-Tribune)

Former Governor Coke Stevenson, having met with his first political defeat, has picked up his marbles and gone home. He has bolted the Democratic Party to which he professed loyalty for many years when the tide was running with him. He could not take defeat, seemingly.

Yet Coke Stevenson's action is more than a simple case of sour grapes. This paper has maintained for a long time that the recent United States Senatorial race in Texas has had nation-wide Republican party significance, and that the challenge by Stevenson of Lyndon Johnson, as the legally elected, legally certified candidate for the United States Senator from Texas, was more than a simple contest. It was and remains a part of the grand over-all strategy of oil and other private interests inside and outside of Texas, a State as a part of the traditionally Democratic Solid South, to politically destroy those in or seeking office these interests cannot control.

Every technicality, every obstacle that could be employed to prevent the name of Lyndon Johnson from appearing on the printed ballot within the limited time in which this could be done has been employed by a high powered battery of lawyers in their attempt to frustrate the decision of the people as voiced in the run-off election last August.

In his attempt to challenge the honesty of the vote in some border counties of Texas, Stevenson in effect has challenged the legality of his own election, including that of Pappy O'Daniel, whose something more than 1,200 margin in the Johnson-O'Daniel Senate race elected Stevenson to Governor from the office of Lieutenant Governor. The Democrats of Texas gave 1948 Porty-Bolter Stevenson another two-year term as Governor in 1944 when he professed to be a Democrat.

On none of these occasions did Stevenson, who received the vote from the very counties which now he claims to have been counted fraudulently and incorrectly, voice indignation.

It was only when he himself was defeated by a narrow margin, as decisive as though it had been many thousands, that Stevenson becomes concerned at what he calls the violation of sanctity and purity of the ballot. And it is on this hollow pretense that his case was carried to the courts—not a State court which has jurisdiction, but to a Federal Court whose occupant insisted he had jurisdiction and whose claim a Justice of the Supreme Court of the United States, later supported by the other members sitting in full session, denied and invalidated.

Now, evidently panicked by the very thought that Lyndon Johnson's name, after every effort made to prevent it, and defeat the majority (turn to page six)

### 30 BARRELS A DAY IS ALLOWED MILAM WELL

AUSTIN, Oct. 16—A Milam county wildcat oil well has been officially recognized by the Texas Railroad commission, which today assigned a 30-barrel daily discovery allowable to the Standard Oil company of the Texas No. 1 Lucinda Greene.

The new field opened by the well was named the Gause field.

Drilled to total depth of 5,742 feet, the well produces through perforations in the Edwards lime from 5,697 to 5,704 feet. On 24-hour potential test, the well pumped 30 barrels of the 30-gravity oil and 57.2 per cent water with a gas-oil ratio too small to measure.

Charles E. Phillips, who represented Standard of Texas at the commission hearing, said the nearest production from the Edwards lime formation is in the Tanglewood field of Lee county, 25 miles southwest of the new producer.

### \$40,000 PLANT WILL OPEN IN FEW DAYS

The Snowwhite Steam Laundry, a new modern plant, costing approximately \$40,000 will be open for business within a few days, it was announced Monday morning by A. C. Tumey of Dallas who will manage the industry.

The new laundry was built by Ray Lester at the corner of East First Street and North Fannin Avenue.

Mr. Tumey who has supervised the installation of the laundry equipment said that he hoped to have the plant in operation in about one week. A formal opening will be had later when the plant is at maximum operation at which time the public will be invited to see this modern laundry.

Mr. Tumey has been operating plants for 53 years, an expert and says the Snowwhite Laundry here is modern in every detail, all equipment being the latest and most modern. "We have installed a soft water system in connection with the laundry and we will process anything that can be washed in this modern plant," said Mr. Tumey.

The laundry will maintain delivery service and its capacity will be large enough to handle a large volume of work, not only in Cameron but surrounding territory.

### FOOD HANDLERS HERE EARN CERTIFICATES

Food handlers school under direction of the State Health Department and the Sanitarian, D. S. Wimberly of the Milam County Health Unit, held here last week, was very successful according to Mr. Wimberly.

The school had a total enrollment of 101. During the first two days 77 registered and of that number 65 were issued certificates.

Nineteen of 40 establishments represented will qualify for approval placards if they practice standard sanitation, Mr. Wimberly said.

John T. Warren, representing the State Health Department, was in charge of the daily program.

At the close of the school Mr. Warren and Mr. Wimberly expressed thanks to managers and employees for their interest and co-operation. Chas. M. Hicks, county superintendent was thanked along with other school officials. The Chamber of Commerce and Green Funeral Home were thanked, and newspapers, rarely ever credited with co-operation, were thanked for publicity.

### DIED LATE SUNDAY IN HOME AT ROCKDALE

(From the Daily)

Mrs. Conn R. Isaacs died at 7:30 Sunday, October 17 at the family residence in Rockdale.

Mrs. Isaacs was believed to have suffered a heart attack around the noon hour. She had attended church Sunday morning and became ill shortly after she had returned to her home, it was said by close friends of the family here.

Following the visit of the family physician her condition was believed to be improved, but became suddenly more grave in the early evening shortly before her death.

Mrs. Isaacs was the wife of Conn R. Isaacs, county auditor. Before her marriage she was Miss Dell Simms, member of prominent pioneer Milam county family.

Funeral services were to be held at 10:00 a. m. Tuesday morning, October 18 in Rockdale. She was a member of the First Christian church in Rockdale.

Surviving are her husband, Conn R. Isaacs and one son, C. R. Isaacs, Jr.

A. W. Lange of Buckholts visited in Cameron Saturday.

## POULTRY SHOW IN CAMERON

### Heat Kills Three Hogs on Zarosky Farm Thursday

Frank Zarosky whose farm is located west of the city near Elm Creek, reported Friday that the heat on Wednesday killed three large meat hogs on his place.

Temperatures have been abnormally high for October and there was no immediate indication that there would be any relief for the next few days.

Mr. arosky has taken a big financial loss in the hogs and his winter meat supply will be far below average.

### Robinson Indicted For Assault On Rockdale Resident

Claude Robinson has been indicted by the grand jury for assault with intent to murder in connection with an assault on Charlie Landis, former night watchman in Rockdale.

The assault occurred on the 14th of September. Landis was taken to a Marlin hospital.

Robinson promptly made bond in the sum of \$500 an dwas released. The case has not been set for trial. This indictment was one of seven returned by the grand jury.

Three of the cases have been set down for trial on October 25.

### J. W. Hairston Has Indian Blanket He Wants To Sell

John W. Hairston, county treasurer, has on display at The Herald an Indian blanket, he wants to sell. The blanket, he says, was made by Indians in Mexico. It is a very beautiful design and rare here if made by the Aztecs.

Navajo blankets are made in the western part of the United States. The blanket Mr. Hairston owns is about 6x12 feet, very colorful and expertly made. Anyone interested in this blanket may come to The Herald.

### Phone Rate Increase Is Now In Effect

Subscribers of the Southwestern Bell Telephone Company will pay higher phone rates at the next billing.

The City Council on Tuesday night passed finally an ordinance permitting the increase, it was reported by W. H. Stafford, City Secretary.

Business telephones will cost \$5.50 an increase of \$1.50 per month. Residence phones, single line \$2.75 an increase of 50c per month and party line phones \$2.25 an increase of 25c per month.

### Light Company Will Streamline Billing System in District

In the interest of providing more efficient service to its customers and further streamlining its billing procedure, the Texas Power & Light Company is converting to the use of postcard type bills instead of the envelope type bills heretofore used, it was announced by Henry Siebman, district manager.

"We will not be able to convert to the use of postcard bills simultaneously to all customers, but the change-over will begin this month and it is estimated that all customers in this area will be receiving the postcard type bills within the next few months," the manager said.

The new postcard type bills to be used by the company are much the same in appearance as the envelope type bills the company is now using, Mr. Siebman said.

Quit that fussin'.

### EXHIBITS WILL OPEN HERE ON OCTOBER 29

Central Texas Poultry Show will be held again this year in Cameron.

The show will be held on Friday and Saturday, October 29 and 30.

Plans for the show were made Tuesday afternoon when the Committee on Agriculture for the Chamber of Commerce met. The committee is as follows: Bill Arthur, Chairman, Leroy Thompson, J. W. Stufflebeme, Leo Fuchs and Dr. R. M. Tittsworth.

Leroy Thompson who is teacher of Vocational Agriculture in the Cameron schools was named superintendent of the show.

The Chamber of Commerce will sponsor the show. Only a limited time is left to make full preparations so the committee is hard at work.

Some 200 coops will be available for exhibitors. They were purchased by Cameron merchants through the Chamber of Commerce.

Programs giving full information to exhibitors will be in the mails by Friday of this week, it was announced by Mrs. Jack Lewis, manager of the Chamber of Commerce.

The show will be held at the Wilson Produce Company at 204 North Lamar Street through the courtesy of Douglas Beck, local manager and Basil Wilson, general manager of the company.

E. D. Parnell, professor of Poultry Husbandry at Texas A&M College, will judge the show. Mr. Parnell was formerly teacher of Vocational Agriculture in the Cameron schools.

### STUDENT HOMECOMING HERE ON OCTOBER 30

Former students of Yoe High School will hold their annual reunion in Cameron on Saturday, October 30.

It has been customary to hold the reunions on football night but the 1948 reunion will be held on the occasion of the Band Marching contests which will be Saturday, October 30.

The Cameron-Rockdale game will be played on the night of October 29.

The alumni of former students and graduates was organized four years ago.

Registration will begin at 1 p. m. in the gymnasium of the high school. This will be followed by a reception and a business session when officers will be named. Classes will hold their own reunions. At night a dance will conclude the program. This will follow the band marching contest or be held simultaneously depending on the length of the band program.

Albert Collins is president for the 1948 year. The organization for the reunion on October 30 is as follows: Mrs. Inez Collins, Mrs. Grady Stidham and Mrs. Lester Williams, registration; Mrs. Bill Burns and Mrs. O. B. Hardin, reception; Hilliard Thomas, Mrs. LaBertice Robinson and Bill Burns, nominating committee; Donald Galss and Betty Mae Thompson, decorations.

### Watson Branch School Destroyed By Fire

The public school building at Watson branch has been destroyed by fire, it is reported by Chas. M. Hicks, county superintendent. The fire occurred on October 15 at 7:30 p. m., cause not determined.

The school has an enrollment of 22 and a nearby residence has been obtained for classes. Mrs. T. F. Locklin is teacher. Plans are already under consideration for a new building.

R. F. Richards of Freeport has returned from a visit in Cameron.

### TAYLOR GAME WAS A BRUISING CONTEST

The Yoemen are under strenuous work schedule this week getting ready for the Killeen Kangaroos here Friday night.

They came out of the Taylor game in good shape although the game was a bruising one. The Taylor field was hard and very rough and the Yoemen were pretty sore and minus some skin as they left the Ducks scattered over the field, winning 20 to 6.

Whether the Taylor game would be the hardest of the season remained a question since Killeen and Rosebud always point up to their annual contests with Cameron.

The Kangaroos have not fared well this year but Coach Leo Buckley somehow gets his boys in fine fettle for the game with the Yoemen. Cameron went to Killeen in 1947 with a much better team and was lucky to come away with a 7 to 0 win.

Cameron has three major casualties thus far. They are half back, John Matula and John Moseley, half back and Bob Wilkinson, first string end. There is a chance that Matula will be back in although his knee injury is still a big handicap. Moseley was favoring his right knee in Taylor and Wilkinson's shoulder still keeps him out of maximum play.

Since 1939 Cameron and Killeen have played 9 games. Cameron has won 4 and Killeen has won 5 of these games. The following year by year results taken from the files of the Daily Herald will be of interest to fans here:

1939 Cameron 25, Killeen 0.  
1940 Cameron 20, Killeen 7.  
1941 Killeen 7, Cameron 0.  
1942 Killeen 14, Cameron 6.  
1943 Killeen 13, Cameron 0.  
1944 Killeen 35, Cameron 0.  
1945 Killeen 38, Cameron 0.  
1946 Cameron 14, Killeen 6.  
1947 Cameron 7, Killeen 0.

### HALT TRUMAN FORCES IN PURGE OPERATION

Tarrant County anti-Truman Democrats obtained an injunction in 67th District Court to restrain a purge of county and precinct Committeemen who will not sign pledges to support the national ticket.

Chairman Calhoun of Corsicana has mailed out forms to be signed by County Chairmen pledging their loyalty to the national ticket. In the main Democratic leaders in the smaller counties of Texas are loyal. In the populous centers a revolt was on before the Brownwood convention.

A few county Chairmen who have been loyal to the party through the years feel that it is an unwarranted demand and will not sign pledges, although they never have and will not bolt.

The State Convention in Fort Worth in September passed a resolution requiring the pledges. It has no legal status and cannot be enforced. Democratic Chairmen and Precinct Chairmen are elected in July.

Mrs. Marvin L. Posival has received word from her husband, Pfc. Marvin L. Posival that he has arrived at Ft. Warren, Wyoming, after spending a 15 day furlough here. He has entered the Army Technical Training school for a 16 week course. While here Pfc. Posival visited in the home of Ed Posival of Buckholts, and also in the home of E. J. Sebesta of Cameron. Mrs. Posival will make her home with her parents until her husband completes his training. She is the former Rosa Lee Sebesta of Cameron.

The elephant keeps itself cool by waving its ears.

### LEE MCCULLOCH IS FATALLY HURT TUESDAY

Two men are dead and a third was slightly injured around 5 p. m. Tuesday on Highway 36 near Heidenheimer in Bell county in an automobile accident.

The dead are: Lee McCulloch of Cameron. Boyd Evans of Little River.

The injured are: Billy Don Miller of Belton.

According to information McCulloch was on his way to his home in Cameron and had stopped his Buick automobile near Heidenheimer because of motor trouble. Boyd Byron Evans, 37 of Little River stopped to assist Mr. McCulloch when the car driven by Miller struck them on the highway. Evans died at 9 p. m. and McCulloch died in a Temple hospital shortly after 5 a. m. Wednesday.

Lee McCulloch was a brother of Lester McCulloch of Cameron and was employed at the Cafe here owned by Mrs. Dan Lunsford.

Miller, a Belton high school student, had other school children in the car with him when the accident occurred. All escaped serious injuries.

McCulloch died in Kings Daughters Hospital at 5 a. m. Wednesday and the body was returned to Cameron in a Green Funeral Home ambulance early Wednesday morning.

Funeral services were to be held at 3 p. m. Thursday, October 21 from the Green Funeral Home chapel in Cameron with interment in the cemetery at Liberty.

Survivors are one sister, Mrs. Gobe Kirk of Bentonville, Arkansas, two brothers, Clyde McCulloch of Houston and Lester McCulloch of Cameron.

Sheriff 'Buck' Ray, who investigated the accident said that Mr. McCulloch's automobile had apparently stopped and he and Mr. Evans, who had stopped to help repair the car, was struck by an automobile driven by Billy Don Miller of Belton.

Sheriff Ray said the car driven by Miller was coming toward Temple and meeting another car when the accident occurred.

Mr. Evans is survived by his parents, Mr. and Mrs. L. L. Evans of Hamilton; three brothers, Wendel Evans of Hamilton, Sam Evans of Calif., Elmo Evans of Fort Worth; three sisters, Mrs. Francis Spencer of Corpus Christi, Mrs. A. Drake of Boling and Mrs. Katie Guthrie of Brownsville.

### UN FALTERS AS BERLIN BLOCKADE TIGHTENED

While diplomats floundered at Paris the Russians were tightening the Berlin blockade and generally were getting tougher. It was an open dare.

The United States, Britain and France stormed back by accusing the Russians of intensifying the situation in the German capital even as the United Nations Security Council discussed the trouble spot.

News reports early Wednesday indicated that a show down would come Friday. That show down was due to come months ago.

Russia not only is hampering the air lift but is now closing all roads to traffic into the Red sectors of the city with search and confiscation of all cargoes.

The situation is hopeless since Russia can veto U N action and the mere condemnation of the Reds by the council for disturbing world peace will mean nothing. The U N demanded that the Jews and Arabs stop fighting in Palestine while tolerating all kinds of Russian aggression.

No mandate of the U N was apt to be respected as long as Russia is unrestrained.

Meanwhile small neutral powers were still searching for some way to bring the belligerents together. There is always another door.

Phone your news items to 282.

## 91 DEGREES IN CITY REPORTED THURSDAY

Cameron had temperature of 91 degrees Thursday it was disclosed by L. W. Smith at the Community Public Service Company.

It was one of the hottest days on record in October and indications were the temperature might reach 100 degrees Friday. Temple had 95 degrees Wednesday.

Weather forecasts early Friday indicated that the heat wave would continue since the cool air mass had been stymied in central Texas due to a low pressure area north. South winds would become general in the next 24 hours and that was a good sign for rain in case the weather turns cold in the next few days.

A low of 82 degrees was forecast for this area Friday night. It would be pleasant at night but the days were to be hot and so rain in prospect.

## Some Clouds And Cooler Is Prospected

A dry weather was blowing in Thursday but some clouds were in evidence. North Texas had a small downpour during a light wind storm. Other sections reported traces of rain.

Central Texas sweltered Wednesday. Temperatures will fall slightly during Thursday night and 50 degrees might be realized in north Texas.

## New Episcopal Minister

REV. JAMES McKEOWN

Rev. James McKeown recently accepted appointment as minister at All Saints Episcopal Church in Cameron and St. Thomas Episcopal church in Rockdale.

Rev. McKeown and Mrs. McKeown came to Cameron from Boone, North Carolina. They have two daughters.

Rev. McKeown received his B.A. degree from the University of the South at Sevenson. His B.D. degree from St. Luke's Theological Seminary at Sevenson. His M.A. in Rural Sociology at Drew Theological Seminary at Madison, New Jersey.

Rev. McKeown has been minister at St. Luke's Church in Boone, North Carolina, St. Peter's at Essex Falls, New Jersey and Holy Trinity at Palm Beach, Florida.

Services will be held at All Saints Episcopal Church in Cameron on second and fourth Sunday at 10 a. m. and on the first and third Sunday at 7:30 p. m. and 9 p. m.

## Cameron Band Guests At Texas-Arkansas Game In Austin

(From the Daily)

The High School Band under Francis Cox left the city early Saturday morning for Austin to be guests at the Texas-Arkansas football game.

The band made half time activities in Taylor last night very colorful and will be host band to the marching contests in Cameron on October 31.

Phone your news items to 232.

## FORMER MARSHAL HERE SUCCEUMS LATE FRIDAY

But R. Lunsford, 65, widely known citizen and former City Marshal in Cameron died at 7:30 p. m. Friday, October 15 in the Newton Memorial Hospital.

Mr. Lunsford who recently was engaged in the cafe business here, suffered a heart attack on Thursday and was taken to the hospital for treatment. His condition was very grave but he rallied slightly on Friday morning and the family were more hopeful. He suffered another attack shortly before his death Friday evening.

Mr. Lunsford was a native Texan, born September 14, 1883 son of the late Allen S. Lunsford. He spent his early days on a farm and had lived in Milan county for a long period of time, farming in the Salton community.

He was married three times and the father of 11 children all of whom survive.

As a young man he was first attracted to work as a peace officer and as early as 1920 was a member of the city police force. He left the service and returned to his farming operations but came back. He was very popular with their people and became a fixture in the city's police department. He served for a number of years under the colorful late Gene Smith and when Mr. Smith died Lunsford who was his chief deputy was called to the post of duty as Marshal.

by appointment of the council. He later was elected by the people and continued in the office until he resigned 3 years ago.

More complete details will be printed later.

Funeral services were to be held Sunday afternoon, October 17 from First Baptist Church in Cameron by Rev. L. L. Morris, pastor.

The hour of the funeral will depend on the arrival of his sons Marvin and Daniel E. Lunsford from California. The body will remain at the Marek-Burns Funeral Home until the funeral hour on Sunday. Interment will be made in the cemetery at Salton.

Surviving are his widow, Mrs. Dan R. Lunsford of Cameron, and the following children: Marvin Lunsford and Daniel E. Lunsford of Riverside, California; Mrs. Annie Senkel, Cameron, Mrs. Doris Agnes Bode of Riverside, California, Mrs. Myrtle Vanech and Mrs. Addie Mae Mass of Rosebud, Mrs. Fannie Lee Perkins of Del Rio, Mrs. Mamie Marie Summers of Dallas, Mrs. Florence Kitzer of Dallas, Neil Ruth Lunsford, Billy Mae Lunsford, Norma G. Lunsford and Floesia Pearl Lunsford, all of Cameron.

A student of McMurry College, Abilene, Alton J. Gerich, enlisted in the Air Force recently for three years to study in the field of radar. He is the son of Frances Gerich who lives in Cameron.

H. W. Rount of Rockdale visited friends and relatives in Cameron one day this week. Mr. Rount was former County Clerk in Cameron and is now in the real estate and insurance business in Rockdale.

## PHOTOGRAPHED

Cameron 20, Taylor 6.  
Grainger 30, Bolton 0.  
Thrall 26, Sharpe 0.

Mrs. Dallas Duncan of Rockdale spent last Wednesday in the homes of Mrs. Alvin Baggerly and Mrs. Norman Cook of Cameron.

Nolan Dutton who has been ill and a patient in Scott and White Hospital in Compie is able to be home and improving.

S. G. Odum owner of the B and C package store here has re-modeled his store making it very attractive.

Friends will be glad to know Dan Lunsford who has been ill at his home is some improved.

Another student in the Regular Army from Cameron is Steve M. Tapera, son of Mrs. Frances Tapera. He noted educational opportunities as his reasons for joining up for three years.

## PROCLAMATION OF THE GOVERNOR OF THE STATE OF TEXAS

TO ALL TO WHOM THESE PRESENTS SHALL COME

WHEREAS, farming and ranching activities in Texas afford the principal income of a vast majority of its inhabitants; and,

WHEREAS, the farming and ranching business is one of the leading industries of Texas; and,

WHEREAS, the farmers and ranchers of Texas have, through their various organizations, organized for recognition, representation, and economic equality through democratic procedures; and,

WHEREAS, the State and ranch groups recognize the necessity and importance of having an educated, prosperous, and organized agricultural machinery in this State;

NOW, THEREFORE, I, Donatito E. Foster, Governor of Texas, do hereby proclaim the week of October 12 - 18, 1948, as

TEXAS FARM BUREAU ORGANIZATION WEEK

I urge our citizens to cooperate in the recognition and observance of this week with special attention to be given this important phase of our Texas life.

IN WITNESS WHEREOF I have hereunto signed my name officially and caused the Seal of State to be affixed hereto at Austin, Texas the 10th day of September, A. D. 1948.

*Donatito E. Foster*  
Governor of Texas

# The modern design for '49

## new Hudson

Come in and see the new Hudson—the lowest-built car on the highway, with beauty, riding qualities, comfort and safety only possible because of a new "step-down" design, offered by no other automobile!

Only once in a blue moon does a car step so far ahead that it is a protested investment in motor-car value! You are invited to see just such a car—the New Hudson with "The modern design for '49"—and for years to come!

Here is truly streamlined beauty—a stunning combination of free-flowing, low-built lines that develop naturally out of a recessed floor which is the key to a basically new and exclusive design principle. The New Hudson is the only car you step down into.

The development of a "step-down" zone in an enclosure, all steel Monocoque body-and-frame permits Hudson to build the lowest car on the highway—only five feet from ground to top—while maintaining more interior head room than in any mass-produced car built today!

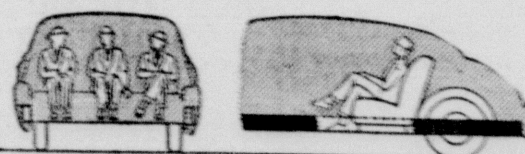

But streamlined beauty isn't the whole story of Hudson's modern design.

Hudson has a hip-the-road way of going on every conceivable kind of highway. The way in which this car takes even the sharpest curves makes it a "stand-out" for maneuverability in any year!

These remarkable riding qualities are largely due to the fact that the New Hudson provides the lowest center of gravity in any American stock car—yet mud clearance is ample! It is a widely recognized fact that the lower to the ground a car can be built, the more stability it will have and the safer it will be.

Such a delightful conformity to the road, coupled with the protection of riding enclosed by a sturdy box-section steel frame, gives to everyone who rides in a New Hudson a grand feeling of safe well-being! This feeling is further enhanced by the ease with which this car is operated, and by the restful quiet with which Hudson glides along—thanks to the superb sound control engineered into this advanced automobile.

See "The modern design for '49' today! Come in and let us show you the many advantages of Hudson's fabulous "step-down" design principle.

HUDSON FLOORS are recessed down within the frame (as shown above), full-height seats are lowered, so you get ample head room in this car with the new, lower center of gravity.

YOU RIDE down within a base frame (as shown above), and rear seats are positioned ahead of the rear wheels so that full body width becomes available for wonderfully roomy seats. Box-section steel girders completely enclose and protect the passenger compartment.

TRY AUTOMATIC gear shifting in forward speeds as provided by Hudson's Drive-Master transmission—by far the easiest of all ways to drive. You can accelerate as long and as fast as you like in pickup gear, then lift your toe momentarily, and you're in high. The shift into high comes only when you are ready! Bottom control on the instrument panel provides instant change to conventional driving if ever desired. Drive-Master transmission is optional on all New Hudsons at small extra cost.

\*Trade-mark and patents pending.

The only car you step  
down into

NEW Hudson

## CAMERON LIONS SEE MIRACLE OF MIDGETS

Members of the Cameron Lions Club were entertained Tuesday, October 12, by George Brown of the Information Department, Southwestern Bell Telephone Company in Dallas, who gave a lecture-demonstration called "A Miracle Of Midgets".

Brown explained and demonstrated the part played in the telephone system by little things—the tiny pieces of equipment that are of great importance.

For example, Brown showed that an ordinary dial telephone has 433 parts, and stated that a colony of 50,000 midgets in the transmitter of a telephone—the tiny grains of carbon—change voice sound waves into electrical impulses that travel over the wires and are translated back into sound by small magnets and a diaphragm in the telephone receiver at the other end.

The speaker showed copper wires as small as a human hair, and a sec-

tion of telephone cable only two and one-half inches in diameter which contained 4,242 copper wires. He exhibited also a midget motor weighing four ounces which developed a speed of 8,000 revolutions per minute, yet stopped, reversed direction and regained its original speed in only one-eighth of a second. He demonstrated a tiny magnet which weigh only two ounces, yet which can lift a five-pound iron bar. All of these "midgets" help furnish telephone service.

One of the most amazing items shown was the "thermistor", a small instrument so sensitive to temperature changes that it can detect the presence of a man a quarter of a mile away by the heat of his body. During the war, the thermistor was used in a secret device called the Bolometer to detect enemy snipers, even in total darkness.

Brown showed a model of the first telephone made by Alexander Graham Bell, and explained how it played a part in the war-time development of the sound-powered telephone. This telephone, which he demonstrated, generates its own electricity through the sound-waves of the human voice, and he said a person can talk up to 30 miles over it without the use of batteries or outside power.

Among the other devices shown by Brown was the first headset designed for telephone operators, which weighed six and one-half pounds. He compared it with the modern headset which weighs only six ounces.

The speaker told the story of research constantly going on in the Bell Telephone Laboratories, and gave a brief explanation of the coaxial cable used to transmit television programs across country.

### Yoelets Have Won One Game This Year

The Yoelets, so named by The Herald several years ago, have a better season record than was indicated by the news item on last Friday. The season record was reported as a total loss. The fact is the Yoelets or B Squad won from Camp Hood 13 to 6 recently, it was reported by Coach Hauk.

Coach Hauk says all games have been close. Taylor goslings beat the Yoelets here Thursday night 21 to 20.

Friends of Fred Matula of Temple will be glad to know that he is somewhat improved after an illness. Mr. Matula is a former resident of Cameron.

## FUNERAL SERVICES FOR DAN R. LUNSFORD HERE

Funeral services for Dan R. Lunsford, 65, former City Marshal in Cameron, were held at 3 p. m. Monday from the First Baptist Church by Rev. L. L. Morris, Pastor.

Mr. Lunsford suffered a heart attack on Thursday, October 14 and was taken to Newton Memorial Hospital for treatment. He suffered another attack late Friday and died at 7:30 p. m.

Mr. Lunsford was a native of Lampasas county, the son of pioneer parents. He had been a resident of Milam county for a long period of time. During the past 20 years or more he had been associated with the city police department and was appointed Marshal at the time of the death of the late Gene Smith, later being elected a number of terms.

He retired from the office in 1946 and engaged in business. At the time of his death he was owner of the Palace of Eats, formerly the old Newport Cafe.

Funeral services were delayed pending the arrival here of a son,

Marvin Lunsford, Dallas manufacturer, who was in California. Another son, Dan Lunsford, Jr., better known as Dick, now with the Army Air Corps, was on maneuvers in Alabama. He is a veteran of the late war.

Services were originally announced for Sunday afternoon but were changed to Monday at 3 p. m.

Mrs. Max Cook of Austin visited in Cameron Wednesday and Thursday and was accompanied home by Mr. and Mrs. Norman Cook and son, James. They will also visit Sue Cook while there.

Mr. and Mrs. S. S. Price of Mullin, Texas are spending an extended visit with Mrs. Ida Coldiron and other relatives of Milano. Mr. Price is a brother of Mrs. Coldiron.

THE CAMERON HERALD

OCTOBER 21, 1948

Mrs. Eula Harwell has returned from a two week visit with her son and wife, Mr. and Mrs. E. L. Harwell of Aransas Pass. Mr. and Mrs. Harwell are among the many new readers of the Cameron Herald for the coming year.

P. T. Barnum believed that a three-colored cat was always female and offered \$1,000 to anyone who could show him a three-colored tom.

Caucasian cossacks deliberately tore and frayed their uniforms to make it appear as if they'd seen tough service—military tailors even supplied new tattered uniforms.

ANY MAKE RADIO repaired. Call 104. PARMA RADIO SERVICE.

## That Something Extra

Yes, there is a difference in newspapers. That EXTRA quality in news reporting you find in The Herald is one reason why its circulation is large, and THE reason that so many have been reading it for years.

Just good reporting is not enough. The Herald does and say things. No newspaper is worth its salt that never gets around to expressing an opinion, informing the people or warning them of things to come. No story in the long history of this old newspaper has ever been written on a cash register.

Tell your neighbor he can now subscribe for The Herald. We are taking on new readers after months of delay.

**The Herald**

## Can you find the railroad in this picture?

No, there isn't any visible evidence of the important part America's railroads play in supporting our state educational institutions, but actually a large portion of railway property taxes is expended for education. It is estimated that railway taxes used for school purposes in the United States are sufficient to defray the annual cost of providing common school education to more than 1,000,000 children.

As the largest railroad west of the Mississippi, Southern Pacific participates in this support to a great extent. We cite this as a typical example of the many ways in which your SP partner promotes community welfare and prosperity in the territory it serves. We like to consider ourselves as a good citizen . . . doing everything possible to foster and stimulate the progress and economy of our territory by employing local people, paying local taxes, buying much of our supplies locally, and, most important of all, by providing a permanent efficient transportation service that can be relied on in all kinds of weather to meet all the transportation needs of the people.

Next time, try the train for safe, dependable freight and passenger service . . . and help yourself to a progressive, more vigorous community.

**S. P.**

THE FRIENDLY  
SOUTHERN PACIFIC

## DUCKS GIVE YOEMEN HARD BATTLE FRIDAY

An explosive first quarter gave the Yoemen 14 points and they held on for two quarters, finally scoring 6 more points in the third on an 80 yard run by Howard Beale, big full back, to defeat Taylor 20 to 6.

Moses Buzan came right back after Beale had scored to tote the ball 63 yards for a touchdown but they could not get an extra point in two tries so that was the ball game so far as points go.

Howard Beale has scored 30 points in the last two games to take the lead among Cameron backs.

John Moseley slid off end for 23 yards for the second score after Beale had taken a fake pass play from Fuchs to race some 21 yards for the first score.

Taylor outplayed Cameron badly in second and third quarters and battled on fairly even terms in the fourth. The Taylor line was very effective. Cameron looked good and had alternately and show need of improvement for the schedule ahead. Taylor was determined but fell dejected before a superior team.

Cameron and Taylor have played 12 games since 1937. Cameron has won only 4 of them, the first and last 3.

### 1st Quarter

Captain Gordon Gibson meeting the Taylor Captains alone in the center of the field won the toss for Cameron. A strong southwind was blowing across the field as Robert Zots put his toe to the ball and sent it spinning down the field. Taylor could not penetrate the Cameron line in the opening minutes of the game but cut it to shreds later. Rogers, 135 pound back, came in off the bench to punt. The ball sailed down to Moseley who got a good run back. Fuchs at quarterback maneuvered his team down to the Taylor 21 yard line. Beale inaugurated the touchdown drive with a fumble recovered by Zots. On a delayed pass gesture Fuchs smartly handed off to Beale who swept the Taylor right end for the first score of the game. Zots kicked the extra point and it was 7 to 0. Zots kicked off and the ball went far down when Taylor was held for three downs on a pass that failed and Grady Allen, playing a terrific game, broke up a final stab at the line and Rogers punted out to his 37. Beale fumbled on the Cameron 41 and Taylor recovered the ball. Taylor then fumbled and Cameron got the ball. There was still another fumble on the Taylor 41 yard line by Beale and Zots recovered. Fuchs called an end play after a bit of magic in the under spot and John Moseley went around his own right end for 30 yards and a score. Zots sent the ball through the uprights and it was Cameron 14, Taylor 0. On the kickoff Taylor got only a short runback as the Cameron forwards were down. Wendall Mitchell and Olin Armstrong, ends, smothered Schultz. On the first play Schultz failed to gain but got 7 and then Louis Hollis broke through to smear Moses Buzan, a very tricky back for some yard loss. On the fourth down

and the ball deep in their own territory Rogers came in to kick and Moseley ran it back to the 52 and then got 8 yards around the Taylor right end as the quarter ended.

### 2nd Quarter

Beale made 5 yards off tackle and Moseley got a first down, the second of the game and the ball was on the 36. Now the Taylor line that was to stymie so much of the Yoemen effort and make the boys look very ragged at times, began its work. Moseley lost 4 and Fuchs was spilled for 6 and it was third down and the Yoemen lacked 21 yards. Howard Beale on third down dropped back for a pass but was smothered and lost 9 yards. It looked like we might soon be in Roundrock. To make it worse the Taylor line spilled through and partially blocked Beale's punt. Happily the teams were around the equator and it did not matter so much. Buzan made 8 yards and then a first down on the Cameron 36. Line bucks failed and the ball went over. It was Taylor's lone threat thus far. Well, here came those ducks. Moseley lost 8 yards and on two tries Beale, stopped cold could get only 4 yards. The Yoemen were deep in their own territory and Beale got off a meager hoist into the wind and the ball was on the Cameron 45. Taylor drew the first penalty of the game 5 yards for off sides and on the next play Cameron got rough and drew 15 yards, one of several similar penalties that were costly. The ball was on the Cameron 35 and 5 minutes to play. Moses Buzan toted it to the 23 and on the next play he was loose and John Moseley blocked him out of bounds on the Cameron 10. Alton Fuchs was knocked out on this play and had to be carried from the field but recovered at the half and finished the game. Taylor lost 2 and a pass failed as Don Clark missed. It was 4th down and another pass failed and the ball went over on the Cameron 12. The Ducks, their feathers ruffled and a sort of ruptured feeling, swarmed all over the Cameron ball handlers in the backfield. As if it was not enough for Beale to get 2 and Moseley failing to gain Cameron fumbled and Taylor recovered on the Yoemen 15. It looked as though nothing could avert a score and the Ducks picked up 8 on a line play and a pass put a third down pass failed and Gordon Gibson broke up a fourth down try and the ball went over. Moseley was smothered around the Cameron goal line as the half ended. It was that close, the one yard line to be exact. Cameron 14, Taylor 0.

### 3rd Quarter

Cameron fans cheered as Alton Fuchs came back into the lineup for the second half. Taylor had the wind and kicked off and the ball went over the goal and came out on the 20. Here the Ducks began to make tatters out of the Cameron line. After 3 tries we had lost 2 yards. It was that bad again. Beale punting against the wind almost got the ball blocked. It went out on the 26 yard line. Tally lost 2 yards. On the next play the Cameron fans were lifted out of their seats as Howard Beal raced through the Taylor team to snatch a ball that had bounced into the air off the hands of Tally and ran 80 yards for a touchdown. Tally was attempting to pass with a relayed ball. It bounced some 4 feet up into the air and hawk eyed Beale was there to grab it. Zots failed on this one and it was 20 to 0. Moses Buzan came right back with a scintillating 63 yard run for a Taylor touchdown. Cameron kicked off and the ball was run back to the Taylor 37. Buzan cut through his own right tackle and swept the Cameron end and went over standing up. Taylor was in the ball game. Cameron was offside on the attempted try for goal and Taylor got another chance but failed. That ended the scoring for the night. At this juncture a fight broke out in the stands back of the Cameron band. Whiskey in pop bottles often produces disgraceful spectacles at a ball game. A Taylor man was arrested and another man was released. The writer of these play by play reports sat for a long period of time, trembling, but secretly wishing for a claw hammer. You see the game was going on and we couldn't see, as folks finally settled down, but jittery. They kept jumping up. Melroy Eixman who played a whale of a game at left tackle, was never seen in the punt slot, so Beale punted again. Taylor had to punt a bit later and it all settled down to a grim battle. Moseley sneaked away for 23 after Beale had made a first down. During the less sensational play Wesley Braden getting his full chance because John Matula, ace back, was on the side lines and not suited up, kept getting 5, 7, and 8 yards. Braden alternated with Beale and Moseley for a first down as the quarter ended.

### 4th Quarter

Moseley lost 5 yards and the ball was on the Taylor 17. Cameron was penalized. Clemmer for Taylor was hurt. The game was getting rough. Bob Wilkinson who alternated every few seconds with Wendall Mitchell at right end was over the goal line

when Alton Fuchs shot a perfect pass and he dropped the ball. Fuchs was getting poor protection and was badly rushed on another pass to Olin Armstrong. The ball went over. Taylor had to punt and the ball went out on the 36. Cameron's passes failed and the ball went over as Beale kicked over the goal line. Buzan came storming back for 15 and a first down then 5 and 2 and Zots and Mitchell stopped him within inches of a first down and ball went over. Moseley got 2, Fuchs 5 and Cameron was penalized 15 for offensive holding. A pass failed and Beale kicked out on the Duck 11. It was good for 50 yards with the wind. Braden intercepted a pass on the Taylor 43. Moseley fell and was favoring the injured knee. Cameron was needing crutches. Beale punted and on the run back fouled Tally out of bounds and it cost

Cameron 15 yards. Grady Allen intercepted a pass and returned it 12 yards. Fuchs shot a long one to Wilkinson on the Taylor 11 and it was allowed to stand as he was fouled. Moseley lost badly and the ball was on the Taylor 5 in possession of the Yoemen as the game ended.

**YOU COOK IT WITH GAS**

Natural gas wins the vote for pressure cooking food in your home town—19 to 1.

Instant you put pressure pan lid in position, gas flame's instant high heat goes to work full speed. In a twinkling... air is exhausted... pressure knob is set... desired cooking pressure is reached. Then... just a flick of your wrist gets the exact flame needed to cook your meal to flame-perfect doneness.

In top-of-range cooking (and baking and broiling, too) gas is the fastest, easiest-to-cook-with fuel.

Gas range is fully automatic, too. It's lustrous porcelain finish, inside and out, is easy to clean as a china dish. It's styled by men who know importance of beauty to you.

No wonder you vote for gas 19 to 1!

**SMART COOKS KNOW  
GAS has got it!**

Automatic gas range built to "CP" standards costs less to buy new, costs less to operate than any fully automatic range. Ask your dealer to show you "CP" model automatic gas ranges first. You have a choice of 22 different brands to select the "CP" model range that suits your family best.

### SAUERKRAUT DINNER

Brown in pressure pan—6 pork chops.  
Remove from pan.  
Place in pan—1 No. 2 can sauerkraut.  
Arrange pork chops on top. Add—12 peeled medium potatoes.

Place pressure lid in position. Follow manufacturer's instructions to bring pressure pan to 15 lbs. pressure. Cook at 15 lbs. for 10 minutes. Allow pressure indicator to return to 0. Serve at once. Serves 6.

# MRS. N. J. WHITTINGTON DIED LATE THURSDAY

Mrs. Nancy Jane Whittington, 87, died in Kings Daughters hospital in Temple at 2:40 p. m. Thursday, October 14.

Funeral services were held at 3 p. m. Friday, October 15 from the Val Verde church by Rev. L. G. Ramey, pastor, with interment in the Val Verde cemetery. The Marek-Burns Funeral Home in Cameron directed arrangements.

Mrs. Whittington was born in Montgomery county, Texas on October 18, 1861.

Surviving are two sons and six daughters as follows: A. P. Whittington and V. R. Whittington of Holland, Mrs. J. A. Townsend of Bartlett, Mrs. Andy Drago and Mrs. Jack Reeves of Holland, Mrs. W. C. Caskey of Troup, Mrs. Jack Reeves of Houston, and Mrs. Sam Overton of Waco.

Five brothers and one sister survive as follows: Jim Denman, Palacios, H. M. Denman, Iola, Frank Denman, Winchell, Abe Denman, Grandview and Mrs. H. Shotwell of Holland. There are 20 grand children and 44 great grand children and 9 great great gand children.

# HOPES TO VISIT ALL SECTIONS OF TEXAS

Texas political front was a turmoil of conflict Friday with a three way grab on for votes.

Lyndon Johnson who won the Democratic nomination for United States Senator after a court fight, was back in Texas and was planning a tour of the state, delivering what he asys will be a series of non-political speeches.

The political situation is similar to that of 1924 only complicated by a three way contest. Mr. Johnson feels obliged to get out and save his nomination and it is well for the whole party needs a quickening.

Coke Stevenson threw his support to Jack Porter the Republican nominee for United States Senator. Because of the States Rights campaign the Republicans are profiting. Texas went for Hoover in 1928. Texas is not likely to go Republican this time but could default on its obligations to the party due to lack of efforts on the part of the state organization.

Anyhow it is not a bad thing to see men out working for what they want instead of just sitting around and taking things for granted.

Mrs. Annie Reese is expecting a family reunion of her children next week in her home. All of them were reared here, and graduated from the Cameron High School and have many friends who will be glad to welcome their return visit.

Mr. and Mrs. L. E. Thompson are spending a few days with his brother L. L. Thompson in Port Arthur this week.

# You Can't Swim the Mississippi with a Million Head of Cattle

The Mississippi River always has been the "continental divide" in the geography of the livestock-meat industry. In the old days the great herds of longhorns trailing north from Texas had many rivers to cross. The Red. The Canadian. The Big Blue. The Platte . . . but there was never a trail that ended east of the Father of Waters. The Mississippi was, and is, one river you couldn't swim with a million head of cattle.

It's a staggering job to get the nation's meat from producer to consumer. Two-thirds of the meat animals are produced west of the Mississippi . . . two-thirds of the meat is eaten east of it. On the average, meat has to be transported more than 1,000 miles. It's a big job—a huge job. Just consider: in 1947 alone, this job of getting the nation's meat from the farm and range to the cooking range involved 32,158,000 beef animals, 24,044,000 sheep and lambs, 82,579,000 hogs!

Harvesting any national crop—from wheat to meat—is a big job. Big machines are needed. Who uses binders when combines are more efficient? Similarly, in the processing and nationwide distribution of meat it takes large-scale, efficient "machinery." There's a need for all of us—producers and meat packers; shippers and marketing people; transportation lines; wholesalers and retailers. We all play a part—whether we are individuals or companies, whether we operate locally or on a nationwide basis.

Over the years, we at Swift have worked to perfect our nationwide system of marketing. We, and 26,000 other commercial slaughterers, provide a competitive cash market for your livestock. We buy your animals and dress them. We process and refrigerate them. Then, we distribute the meat to retail store men everywhere. (Our earnings for all these essential services are only a fraction of a cent a pound.) Because this big job is done efficiently, you producers are assured of markets. . . consumers everywhere are assured of meat. We at Swift & Company are proud of our part in building the "1,000-mile bridge"; the "bridge" which carries meat from the point of surplus production to the point of consumption. So long as all America wants meat it will take efficient nationwide organizations to bridge that 1,000-mile gap.

**Soda Bill Sez:**  
Time counts unless you're counting time.  
Some people will do almost anything for money  
—except work for it.  
Generally it's better to have PUSH than PULL.

**Tally and Cull "Newcomers" in Breeding Ewe Flocks**  
by Clair E. Terrill  
United States Department of Agriculture

As you swing the cut gate, you can increase total salable lamb weight—your margin of profit. For here you can cull ewes that are barren in their first lambing season. You can also cut out those unable to raise singles in their first lambing year. These ewes often get by on their appearance alone. For frequently they are heavier woolled and in better condition than nursing ewes. But they do not always pay their way.

Recent research has proved that subsequent market lamb production from such dry ewes may not justify keeping them in efficient commercial breeding bands. Experiments with Columbia range ewes at the U. S. Sheep Experiment Station, Dubois, Idaho, established this fact. There is a definite relationship between the total weaning weight of lambs produced in the first year and in the three following years of lambing.

All ewes that twinned the first year, regardless of whether the lambs were raised, weaned 19 pounds more lamb weight in the three years of study than ewes that failed to lamb—five pounds more than ewes which did not rear their first single lamb. Ewes that dropped and raised singles had 16 pounds greater annual lamb yield thereafter than ewes which did not lamb. And ewes that did not rear their first lamb later produced 14 pounds more lamb weight yearly than ewes which were barren their first lambing season.

So, to increase efficiency in market lamb production, tally "newcomers" in ewe herds at breeding time. Then mark barren low-producing ewes for culling after the lambing season.

**All That Glitters Isn't Profit**

Government reports tell of farm and ranch income from livestock that totals more than 17 billion dollars. Many folks read those reports and say—"No wonder meat is so high. Livestock producers must be coining money."

That is a thoughtless comment, based on misunderstanding. That 17 billion dollars is *not* profit—it is *gross income*. Many expenses must come out of your gross livestock income before you can make any profit on it. There's the cost of breeding-stock and feeding-stock . . . of your hired labor . . . of feed, machinery, equipment. All these costs are at all-time high levels. Out of your gross income also must come property and income taxes, interest; insurance premiums; repairs; new buildings; fences; death losses, etc. After you've paid all those necessary business expenses, you're lucky if you end up with 10 or 15 per cent profit.

A lot of people are just as wrong about Swift's profit as they are about yours. They look at our total sales of 2¼ billion dollars last year and say—"That's a barrel of money. No wonder meat is high!" But the fact is that competition in both buying and selling is so keen that from those 2¼ billion sales dollars an average of 79¢ went to pay you for your livestock. 10¢ for pay to our employees. 6½¢ for supplies and other necessary business costs. 3¢ for taxes and transportation. All we had left as earnings was 1½¢.

Yes, in our business, as in yours, there's a big difference between gross income and net profit!

**Martha Logan's Recipe for CHICKEN À LA MARYLAND**

Cut a cleaned hen into serving pieces. Season. Dip into egg diluted with milk, then roll in sifted cracker crumbs. Brown in a ½-inch layer of shortening. Add a 1-inch layer of rich milk. Cover. Bake in a moderate oven (350°F.) 2 hours. Remove the cover and bake 15 minutes. Make a gravy, using the liquid in the pan, to serve with the chicken. Serve with Pickled Orange Slices.

**PICKLED ORANGE SLICES**

1 orange	¼ cup vinegar
½ cup brown sugar	6 cloves for each orange slice

Boil orange 1 hour. Cut in slices ½-inch thick. Stick cloves on rind of each slice. Boil together sugar and vinegar 5 minutes. Add orange slices. Simmer 15 minutes. Serve hot or cold.

**NUTRITION IS OUR BUSINESS—AND YOURS**  
Right eating adds life to your years—and years to your life

The price we can pay  
For your livestock today  
Is governed by people  
Who live far away.

With money in hand,  
They create a demand  
For roasts, steaks and chops  
Throughout the whole land.

And the price at wholesale—  
Tenderloin or oxtail—  
Is affected by numbers  
Of cattle for sale.

This rhyme has been planned  
So you'll all understand  
That prices result  
From supply and demand.

**OUR CITY COUSIN**

Warns City Cousin,  
"Don't you dast.  
He gobbles best  
who gobbles last!"

**the story of grass**

Now ready—Booklet D of our Elementary Science Series. We call it "The Story of Grass." A picture-and-story booklet for kids and grown-ups. It follows the other popular stories on soil, plants and meat animals. And, like the others, it's FREE! Do you know what the meat you eat is made of? Why do the cowboys live in the West? Ever hear of people eating and drinking grass? Ever hear of meat factories that "run" on grass? They're all in "The Story of Grass." Send a postcard asking for your free copy, today. Address Agricultural Research Dept., Swift & Company, Chicago 9, Illinois.

## STEVENSON—

(continued from page one)

decision of the people, will get on the ballot as the Democratic nominee in the Nov. 2 general election, Stevenson bolts the party and declares his support of a Houston oil man who was placed on the ballot as the Republican nominee.

Will Stevenson or his powerful sponsors, many of whom have tried all along to prevent the Democratic electors committed to the Democratic Presidential candidate from appearing on the ballot, deny that this has been done to curry favor with the Republican-dominated Senate before a committee on elections? Stevenson and his sponsors intend to go before that committee in a desperate effort to prevent Johnson from taking the seat to which he has been legally elected. They intend to place therein instead the Houston oil man whose name ap-

pears as the GOP nominee.

Will Stevenson and his powerful sponsors deny that it is their hope that the verdict of the people of Texas in declaring Johnson the Senatorial nominee be nullified and a fellow Republican who received a small fraction of the Texas vote shall be declared the winner? Will Stevenson, who in the past has received the Democratic vote of the counties and boxes he now challenges as fraudulent, be willing to invite a Senatorial investigation into Pappy's elections, his own elections, and the elections of other top officials in Texas government then and now who have received the same votes Stevenson now challenges because he didn't get them?

Throughout the whole proceedings in this effort to seat a Republican in the Senate by nullifying the election which nominated Johnson have stalked tidelands oil, private power antagonized by Texas public hydroelectric dams and the rural electrification program which gave many thousands of Texans their first chance to have electricity.

Absentee ownership is on the march in the colonial empire of Texas. And so in Texas we have a parallel to what a different form of dictatorship has been doing in Czechoslovakia, once also the land of the brave and the home of the free—Where also the people are forced to accept office holders they have said they do not want, and support causes in which they have said they do not believe. Regardless of who welds it on, a

collar is still a collar, and that thing you are beginning to see in this bogus State Rights struggle aimed at destroying the Democratic Party and its majority decisions and the votes of the people is nothing but a collar.

## MRS. JOHN McDERMOTT DIED BEAUMONT SUNDAY

(From the Daily)

Mrs. John McDermott died at the family residence in Beaumont at 10:30 a. m. Sunday, October 17.

The body was due to arrive in Cameron late Monday or early Tuesday. Funeral services will be held from the church at Marlow with interment in the Marlow cemetery, the hour to be announced later in the day when word was received from the family in Beaumont.

Mrs. Giles McDermott said early Monday that the family here would await further word from the family in Beaumont, regarding the time of the funeral.

Mrs. McDermott before her marriage was Miss Cora Barnett and the daughter of the late Mrs. Bergland who died recently at the age of 90 years.

The family moved to Beaumont some years ago. Their old home is at Marlow.

Surviving are her husband John McDermott, two sons and two daughters, William McDermott and Robert Epperson McDermott of Beaumont, Kathleen and Merle McDermott, both of whom are now married.

A son John McDermott died some years ago from injuries sustained in a car wreck.

Giles A. McDermott, another son, was killed in action on the island of Tarawa in the Pacific, fighting with the United States Marines.

Shortly after noon Monday information from the family in Beaumont to the Green Funeral Home here fixed the hour of the funeral at 4 p. m. Tuesday at the Marlow church with interment in the Marlow cemetery.

Funeral services were held for Mrs. McDermott from the Baptist Church at Marlow on Tuesday, October 19 and 4 p. m. with interment in the Marlow cemetery.

Services were conducted by Rev. Herndon of Beaumont, assisted by Rev. Lemons, pastor First Methodist Church in Cameron and the Green Funeral Home directing arrangements.

## Yarrellton News

Mr. and Mrs. Jim Clements of Cameron spent Wednesday in the home of W. A. Wilkerson.

Mr. and Mrs. Melvin Tubbs and children of Burlington visited their aunt, Mrs. Nannie Wilkerson last Friday night.

Mrs. Smith Barrett was hostess to a Stanley party at her home on Thursday afternoon.

Mr. and Mrs. Hubert Colburn and Jimmy spent the week end in Louisiana.

Mr. Blansett has returned home after a visit in San Antonio with Mr. and Mrs. Jay Blansett.

Mr. and Mrs. Zack Griffin were Sunday guests in the home of Mr. and Mrs. Sam Dobbs.

Mr. and Mrs. Herman Lott of San Antonio have returned home after a week end visit with his parents, Mr. and Mrs. John Lott.

Charlie Griffin has returned home from the hospital and his friends will be glad to know he is able to be up again.

Mr. and Mrs. J. M. Bryant have returned to their home in Plainview after a visit in the home of their son, A. E. Bryant.

Week end visitors in the C. E. Russell home were: Mr. and Mrs. L. R. Russell and son, Charles Ray of Orange, Mr. and Mrs. G. L. Gallatin and Patsy of Austin, Mr. and Mrs. R. M. Yancy and Mr. and Mrs. Noble Tutstone of Abilene.

Several Yoe High students from here attended the State Fair at Dallas Saturday.

Mrs. Charlie Barrett of Corpus Christi returned to her home last Thursday.

Mrs. John Page of San Antonio returned home Monday after her father, Charlie Griffin was dismissed from the hospital.

Mrs. John Mekush entertained a group of ladies at a Stanley Party Tuesday.

Mr. and Mrs. C. E. Russell made a trip to Temple Tuesday.

Mr. and Mrs. Sherwood McClaren of Marlow were in Cameron Monday. Both are active in the Farm Bureau organization, Mr. McClaren being President. The Bureau has nearly 400 members now and is growing fast.

First dose usually starts alleviating pain so you can work, enjoy life and sleep more comfortably. Get **Romind** at drugist today. Quick, complete satisfaction or money back guaranteed.

## 26 Years On The Job

ARTHUR JAMES WOODS

Arthur James (Buster) Woods, valued employe at the Hefley-Stedman Motor Company, is rounding out his 26th year with the firm this week.

On October 22, 1922 Woods went to work for the late Hubert Hefley who then owned the agency. That was back in Model T days and the Model A had not been made by Ford, to say nothing of the V-8 and the modern streamlined Ford of 1949.

Out of consideration for his long period of service with the company H. H. Stedman, owner, gave Buster a full week off from his duties despite the fact that he has already enjoyed his annual vacation.

Mr. Stedman told the Daily Herald that Buster has been loyal through the years and a valuable man about the big plant. He began his duties as a porter and gradually has worked up to do many important jobs about the garage. He has lost little time from his duties in the more than a quarter century he have been with the Ford agency here.

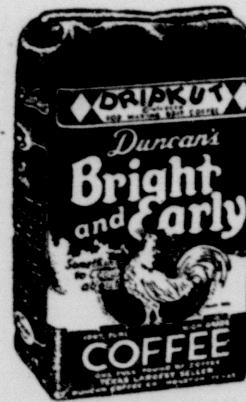

"Buster is a good man and a valued employe with us," said Mr. Stedman and out of recognition and appreciation for his long and faithful service to us we are giving him a week off with full pay," said Mr. Sterman.

Caucasian cossacks deliberately tore and frayed their uniforms to make it appear as if they'd seen tough service—military tailors even supplied new tattered uniforms.

## World Community Day To Be Observed

The United Council of Church women will sponsor World Community Day, November 5, 1948, at the First Christian Church, at 3:30 o'clock. All organizations and individuals are urged to co-operate.

This World Community project is "Pick A Towel" for teen-agers. These packages will be sent to the displaced persons camped in Europe and refugee camps in Asia. The instructions for packing the bundles are available at any church. 500,000 packages are wanted for this year. Your support is needed by the suffering young people around the world.

## The YOEMEN

While the season is only one game old for the Yoemen in this district, it is time to be thinking about all district selections. That may sound a bit premature but actually all district selections are influenced by recognition of boys who go along consistently and play a good game. Suggestion also play a big part if it is based on performance. So in order to get all the candidates on the Yoemen team in their true light, why not listen to The Midget, best friend the Yoemen ever had.

In its long history Cameron has had more linemen than backfield men on all district, by far. Going back many years we can see from the record just how few backs have had this honor in comparison to linemen. This year it looks like we are going to have two all district men out of Dick Young's line. He has produced quite a few. Now, right off, as we see it thus far, Gordon Gibson is by far the best center in the Conference. Gordon is a Senior and would be entitled to some consideration even though he had close competition from others. Gordon weighs 160 pounds. Cameron has had a few all time great all district linemen. Those who have watched Gordon play feel he is just about as good as any who have come along at center. So we salute Gordon Gibson as an all district candidate.

It is fairly certain there will be no opposing votes on Robert Zotz for an all district tackle. Sustaining a leg injury early in the season he has played above all contenders for this honor, despite any handicaps he may

## THE CAMERON HERALD

OCTOBER 21, 1948

have had. Zotz got his baptism in 1947 and it was pretty easy to see that he would cop at least one of the all district honors. Zotz is one of the finest linemen who have come along in many a year. He weighs 195 pounds and if he wants to play football in College the scouts would do well to look him over.

Bob Wilkinson was certain to be the best end in the Conference this year. Just how his chances have been cut down by that shoulder injury cannot at this time be told. Bob has been out since the Caldwell game. He may not play at maximum efficiency at any time this season. All will agree that the Yoemen's chances would have been much better to survive bi-district and regional play if Wilkinson had been able to help more in developing that passing game.

There are some new comers who will crowd the favored this year. We speak of Grady Allen, perhaps the best guard in this district, or near about. He is playing this year on

the varsity, coming up from the B squad last year. Thus far he has been the best defense man the Yoemen have had in any ball game at guard position.

Another youngster who came up the hard way is Olin Armstrong playing left end. He has demonstrated he is all district calibre too and it is going to be hard to keep him down. He won't be circled and he won't be taken out of play and that's what makes a good end on anybody's team. He has another year and maybe two.

It is now believed that our noses send out heat waves and we can smell only those things that are tuned to the proper broadcast band.

### CONNALLY AND POAGE BLAST STEVENSON

Coke Stevenson's announcement that he would support the Republican nominee for U. S. senator touched off a flurry of denunciation and praise Wednesday.

Lyndon Johnson, who led Stevenson by 87 votes in the official count of the run-off primary vote, called the former governor a political "turn-coat" for supporting Jack Porter, the Republican nominee.

Connally said in a statement: "It has always been my belief that Democrats who participate in a primary are pledged to support its nominees. Party integrity depends on such a course".

W. R. Poage's statement said in part:

"I accord to every citizen the right to determine his own political obligations. I am not disposed to criticize anyone, but as for me, I was trained as a lawyer to accept the decisions of the law of last resort, whether I concurred in its opinion or not.

"As a Democrat I have always taken the pledge to support the nominees. As a candidate I have always voted for Democratic opponents when I lost in the primary, and I have expected and received the support of those who opposed my nomination when I won in the primary. I shall apply the same rule this year."

D. Heywood Hardy, former Houston attorney and one of the few Texas Republicans in Washington, termed Stevenson's action "a smart move" and one "that Jack Porter probably appreciates."

Johnson also said in his statement:

"I doubt whether the Republicans will welcome a turn-coat to their ranks. They must know that Stevenson will find it as easy to stab that party in the back when convenient as he found it easy to try to put the knife to the Democratic party."

Johnson left Washington by plane

late Wednesday for Texas.

Democratic national committee headquarters in Washington had no comment. Republican national committee headquarters issued no formal statement but an official there said, "of course we are happy over this turn of events."

Stevenson himself refused to say flatly whether or not his endorsement of the Republican candidate for senator also carried with it an endorsement of the Dewey-Warren presidential ticket.

In his statement issued in Washington, Johnson said:

"Mr. Stevenson has bolted our party because the federal courts ruled against him. He had his lawyers ride all night to find a federal judge to grant him an injunction. He avoided our state courts and refused to accept our challenge to meet him there. He was afraid of justice there."

Stevenson said in his announcement of support of Porter that "Johnson is not the actual nominee of the Democratic party" because "he did not receive a majority of the votes that were actually cast on Aug. 28."

"Mr. Johnson's name is on the ticket because of fraudulent returns from certain counties which were enumerated in the position filed by my attorneys in the federal district court and sworn to by me under oath", Stevenson said.

### States Righters to Hold Speaking in Cameron October 20

Congressman George Andrews of Alabama will speak in Cameron Wednesday, October 20 for J. Strom Thurmond and Fielding Wright, States Rights candidates for President and Vice President.

The speaking will be held in the court house at 7:30 p. m. R. W. Milner of Houston, was here Wednesday and announced the speaking.

Mrs. George Pool underwent an appendectomy operation in Freeport recently while visiting relatives there.

### REJECT ALL TALK OF RAISING BLOCKADE

PARIS, Oct. 13—Russia rejected tonight efforts of the six neutrals to mediate the Berlin crisis, it was authoritatively reported. The security council was called to meet Friday to take up the issue once more.

Soviet Deputy Foreign Minister Andrei Vishinsky had led the Kremlin's answer to Juan A. Bramuglia of Argentina, council president on the Berlin question.

The Russian reply still was a secret officially, but an authoritative Western source said its main points were:

1. Throw the Berlin case out of the security council.

2. Go back to the Moscow agreement of Aug. 30 and renew negotiations.

The informal agreement in principle of Aug. 30 with Marshal Stalin and Foreign Minister Molotov provided for Soviet zone currency for all Berlin under four-power supervision, and lifting the blockade. Later negotiations on details broke down in Berlin, however.

Going back to the Aug. 30 agree-

ment might mean a Russian retreat from the additional demands made by Soviet Marshal Vassily Sokolovsky in Berlin that the Russians control air traffic to Berlin. Western spokesmen did not comment on whether this was their interpretation, however.

An authoritative source declared the Russian answer put the Western powers back where they were. He added: "I imagine some of the 'little six' who have been attempting to mediate the situation will be disappointed."

The Russians' answer also signified that they would probably continue their boycott of discussions on Berlin before the security council.

Bramuglia, who called the security council session for 3 p. m. (9 a. m. Eastern Standard Time) Friday, was pessimistic. Asked if he would present any resolutions or

other aspects of the case. He replied:

"No, it is the council itself and every member will express his opinion after he has studied all the details with all calm and serenity."

He said the six neutrals would not meet again on mediation efforts.

### Pet Parade Winners Are Announced

Winners in the Pet Parade that inaugurated the two day carnival by the Lions Club are as follows:

First prize Dorothy Kelly, dog; second prize, Ruth and Henry Heath, cat and dog. Other awards went to Berney Dusek, dog, Mary Horstmann, turtle, Turner Newton, cat, Gloria Weems, dog, Erin Kruse, dog.

Mrs. Louis Rubino and sons, Larry and Louis Jr. will soon leave for

### Draftees Going to Austin for Physical

(From the Daily)

Fourteen prospective draftees were sent to Austin Thursday for their physical examinations.

F. G. Blake, Chairman of the Draft Board, said that some misunderstanding had resulted over these calls through a published news story in The Herald:

The following, he said is a correct statement of the facts about the current draft call:

The Milam County Draft Board has received two calls for 7 men each to be sent to Austin for physical examination October 14.

The men who pass this physical will be notified later when to report for induction.

Printing is a home industry.

I'm Glad  
We're "Different!"

There's a lot of difference of opinion in our county on the best kind of pasture. Some say alfalfa mixed with brome grass—others say mixed with oats or barley. But all agree that a mixture's better than a single crop.

I sometimes think people are the same way—and the strength of America is its mixture of so many different strains—some from one country, some from another—right down to little differences: like folks who have a taste for beer and those who prefer cider.

From where I sit, so long as we never become intolerant of one another's different tastes—so long as we live together with our differences, and even supplement them the way brome grass does alfalfa, then we're a mighty good crop!

So neighbor—enjoy your cider while I enjoy my beer! Vote for your candidate—I'll stand by mine! But never let our differences divide us!

Joe Marsh

## FLOOD CONTROL PLAN TO BE REVEALED

Army engineers said today that the full comprehensive report on the feasibility on an overall flood control and reclamation program for the Brazos river and tributaries has been received here by the chief engineer from the division engineer at Dallas.

What recommendations are contained in the report cannot be revealed, officials said, until technicians have gone over the report piece by piece in Washington. This is being done now. Results will be announced from the Dallas office, declared a spokesman for the engineers.

Within a few days, therefore, the future of flood control and waterway developments for the whole

Central Texas area will become known. The survey was authorized in 1936. Since that time, there have been interim reports on the Leon River, Mill creek and Whitney. The need for flood control as brought to life by these previous studies has already resulted in launching construction with federal funds at Whitney and Leon dams. Most recent segments in the survey to be completed are Oyster creek and Jones creek.

Rep. W. R. Poage, 11th district, once told President Truman in a letter urging federal developments of Central Texas by way of flood control. That this region should be made into a mighty Tennessee Valley Authority with all the advantages which the TVA has provided central eastern United States.

## Hoyte Club Members Enjoy Chicken Dinner

The Hoyte Home Demonstration Club members and their families enjoyed a chicken barbecue dinner recently at Narvie Caperton's lake.

Mrs. Isabelle Moody, the new Home Demonstration agent was welcomed by the group.

Barbecued chicken, salads, pickles, pie, hot coffee and cold drinks were served.

Ice cream was first served in the United States in the White House—by the irrepressible Dolly Madison.

## RUSSIA CLOSING DOOR TO ANY COMPROMISE

Events were shaping rapidly Saturday for what may be a war over the Berlin blockade.

Russia has closed the door to any compromise and the Western powers have also taken an equally firm stand. It appeared that something would happen or else. Neutral countries were slapped down by Russia for trying to get the powers together.

The debate on the charges to brand Russia a threat to peace should now get under way, barring diplomatic intrigue and sell outs.

Britain has joined the United States in the airlift to feed Berlin.

The United States was sending an undetermined force of men and equipment to the Mediterranean area.

Russian guns were rumbling within ear shot of Berlin while British and American planes were flying in over bursting shells. How this thing can continue can always be found by Diplomats, shameful though it be.

## Beauty Culturists Organize Unit Here

A unit of the Texas Accredited Association of Beauty Culturists was organized at a meeting held at Miss Lalla Meyers Beauty shop on October 11.

Members of Unit 56 of Temple were present and assisted in the organization by giving valuable information to potential members and officiated at ceremony. Representatives from Rogers and Rockdale were also present.

Following officers were elected for the year: President, Bernice Schiller; Vice President, Kathryn Ondrej; 2nd Vice President, Bertha Heitmann; Secretary, Lou Coward; Treasurer, Irene Lamb; Historian, Irene Fuller; Director, Lina Lange; Reporter, Besie Rice.

There were eleven charter members present. It is believed that the members working together and the good derived from the association with the other units over the state the services will be more complete and satisfactory.

## Milam Teachers Hold Meeting Wednesday

Teachers from the common school districts met Wednesday in the county court room. It was a general faculty meeting, one of a number held during the school year.

These meetings result in discussion of school problems and operation plans.

W. T. Lofland, Deputy State Superintendent of this district and Dr. E. S. Freeman, director of Milam county Health unit spoke to the teachers. Mrs. Bertha Parker, special education Supervisor of Milam schools also spoke.

Mr. Lofland and Chas. Hicks made official visits to various schools in this district Thursday.

Printing is a home industry.

## Democrats... States' Righters ... Republicans

**We All Want To Vote For JACK PORTER!  
We Can!**

Article 2981 of the Laws of Texas (Enacted 1905) specifically provides for the voting of a split ticket in a GENERAL ELECTION.

Scratch all candidates for U. S. Senator except the name of JACK PORTER. Your vote will be counted, and your choice for Senator, JACK PORTER, will be seated. The so-called loyalty pledge does not apply to the election on November 2. It is a GENERAL ELECTION all over the United States. It is NOT a state primary.

This has been so held by our courts and by the Texas Attorney General's Department for years past.

## Frost Nips County In First Cold Spell

Heavy frost in some sections of the county was reported Monday following the first cold norther of the season.

Reports to the Daily Herald Monday indicated that considerable frost occurred in the low lands. Frost in 1948 was some 10 days later than in 1947 when frost was noted on October 9 and 10.

The weather will warm up during the next few days but some cloudy weather is due and possible rain.

Despite clear skies and a sparkling sun Monday the cold spell, first real blast of winter that brought freezing temperatures to north Texas and the Panhandle, will be around for a few days.

Early Monday the weather chart projected cloudy weather and rain in north Texas. A good chance for rain may have come with colder weather. Variable winds by Wednesday may influence chances for rain.

## Morning; Weather To Begin Warming Up 38 Degrees Tuesday

Cameron had a low of 38 degrees Tuesday morning. The low was the same as Monday morning while the maximum Tuesday was 65 degrees.

Weather forecasts indicated cloudy weather for Wednesday. Prospects for rain had diminished some in the north. Winds had shifted to the south or become variable as the norther had spent its force.

Frost was noted again Tuesday. The weather will be warmer Tuesday and continue mild for several days.

## TOM L. FLOYD DIED IN HOSPITAL SUNDAY

Tommie L. Floyd, 58, died in Newton Memorial Hospital in Cameron at 9:30 a. m. Sunday, October 17.

Mr. Floyd was a native of Milam county, born December 25, 1889 near the community of South Elm. He engaged in farming at South Elm and Maysfield until 1940 when he moved to Velasco where he was employed by the Dow Chemical Company. Mr. Floyd was a member of the Yarrellton Masonic Lodge.

Surviving are three daughters and three sons as follows: Mrs. Vaughan Thweatt and Mrs. Herbert Thweatt of Maysfield, Miss Dorothy Mae Floyd of Austin, Elmer Floyd of Lake Jackson, Milton Floyd of Maysfield and Bryan Floyd of Houston. Two brothers also survive as follows: Ira Floyd of Batson and Ernest Floyd of Temple. Six grand children also survive.

Funeral services were held at 2:30 p. m. from the Presbyterian church at Maysfield by Rev. Henry Bailey, minister from the Presbyterian church at Eureka. Interment in the Pebble Grove Cemetery near Maysfield. The body was at the home of his daughter, Mrs. Vaughan Thweatt in Maysfield until the funeral hour.

The Green Funeral Home in Cameron directed arrangements.

Pall Bearers were O. B. Hickman, Marion Hickman, Thomas Hickman, Winifred Henderson, Jr., Ernest Thweatt and Gilford Thweatt.

Ethiopians celebrate Christmas once every month, except in April when they celebrate it twice.

## WE GET .53 INCHES OF RAIN SATURDAY NIGHT

(From the Daily)

Texas weather was at its best over the week end.

Cameron had 38 degrees Monday morning for the coldest weather of the year. Some reports indicated frost may have followed the sudden temperature drop.

W. E. Kuzel of Buckholts said it appeared to him that frost was present in portions of the low lands around his farm at Corinth south of Buckholts.

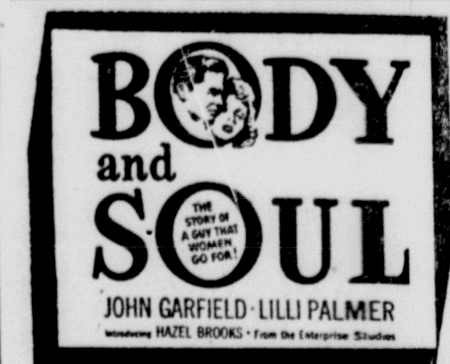

Friday was a very warm day with 23 degrees, it was reported by L. W. Smith, of the Community Public Service Company. Saturday the high was 91 degrees. A cold norther was blowing early Saturday evening and some rain fell. The high Sunday was 62 degrees and the low Sunday morning was 49.

Mr. Smith reported that .53 inches of rain fell in Cameron during Saturday night.

Miss Donnie Kenner is spending a few weeks in the home of Mr. and Mrs. W. J. Donovan in Cameron. Miss Kenner is a twin sister of Mrs. Donovan and has returned from Colorado where she spent the summer.

## ASTHMA

Don't let coughing, wheezing, recurring attacks of Bronchial Asthma ruin sleep and energy without trying MENDACO, which works thru the blood to reach bronchial tubes and lungs. Usually helps nature quickly remove thick, sticky mucus. Thus alleviates coughing and aids freer breathing and better sleep. Get MENDACO from drugist. Satisfaction or money back guaranteed.

## 1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employees.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25¢ an hour for every employee!

### You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employees an annual raise which would average \$1500 per employee!

The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads,

they must have still further rate and fare increases.

### Demands Unreasonable

These employees have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48¢ an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10¢ an hour.

### Railroads Run for Everybody—Not Employees Alone

The railroad industry must serve not only many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. Everybody who enters railroad employment knows this.

### Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!

105 WEST ADAMS STREET • CHICAGO 3, ILLINOIS

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

## CONSERVATION TO BE ADVANCED IN MILAM

Milam county farm owners have indicated they are interested in the Soil Building Program of the United States Department of Agriculture and the fact that Milam County is one of the four Texas counties to be selected for an experimental concentrated survey, brought a big crowd to the court house Wednesday night.

Alva E. Sanders, director of the Agricultural Association's offices here, explained the new set up to farmers.

According to Mr. Sanders there are 3700 farms in Milam county. Before the program is over every farm will be brought under survey to determine what it needs. The county has been partitioned into 8 zones for co-ordinating the survey. The centers of these zones will be Clarkson, Maysfield, Milano, Rockdale, Thorndale, Sharpe, Buckholts and Cameron.

The survey will begin in the Cameron area first. The Cameron zone includes Salem, Yarrellton, Cameron, Minerva and Marlow. The Committeemen for this zone will be Frank Tom-ek, Robert Glenn, Walter Kohring

George Bland, assisted by Paul Dillon, performance supervisor for the county. There will be 18 other committeemen.

Farmers are urged to make their own survey, to look over their properties and make a recommendation on what their needs are, then file those reports with the central office in Cameron.

Before the program is complete experienced committeemen will visit every farm and go over it with the owner.

Mr. Sanders said that the sum of \$70,000 had been available for 1948 for soil erosion control. In 1949 the amount will be \$125,000.

Soil conservation work has been a feature of the farm program for several years. In selecting 4 Texas counties the Department of Agriculture may be said to have in mind a formula which eventually will be used to carry out this work in every county in Texas.

W. T. Lofland, Deputy State Superintendent of Waco was in Cameron on business this week.

Giles Ethridge who underwent an operation at Newton Memorial Hospital recently has returned to his home in Corpus Christi.

Under the leadership of Rev. P. Raymond Powers of Akron, Ohio, the Methodist Church of Cameron is in the midst of a revival.

An outstanding feature of the program is the Spiritual Clinic, which is being conducted each morning at ten o'clock. The service begins promptly at 10:00 and closes at 10:45. The public is invited to attend the services.

The evening services begin at 7:15 with instrumental music in the sanctuary and organized prayer groups in other rooms of the building.

It is reported that unusual interest is being shown in the services, and large crowds are expected in attendance by the end of the week. The services will continue through next week.

## L. H. Hillyer in Hospital From Heart Attack

L. H. Hillyer, county surveyor, suffered a heart attack Thursday and is in St. Edwards Hospital under treatment.

A report Friday said that Mr. Hillyer had shown a slight improvement. The attack occurred at his home here.

Mr. Hillyer is a pioneer and at one time was a member of the Legislature from Milam county. His many friends will regret to know of his illness and trust he may soon be up again.

Mr. and Mrs. K. E. Hughes of Houston spent the week end in Cameron visiting Mr. and Mrs. M. A. Baggerly, parents of Mrs. Hughes and other relatives.

## REDS CLOSING IN ON APPROACHES TO BERLIN

The United States Air Force announced Thursday that three additional Air Force units are preparing to go to Europe to help in the Berlin airlift. At the same time the Russians announced large-scale maneuvers in the Berlin air corridor, and the British reported the Russians dropped live bombs 12 miles northwest of Berlin.

British Royal Air Force bombers droned out from England tonight and dumped 17 and a half tons of live bombs on the North Sea island of Helgoland in the RAF's most realistic war exercises since Spring. About 50 planes attacked Hitler's one-time U-Boat base.

The Russians warned that they planned extensive gunnery and parachute jumping as well as formation flying in the Berlin area. United States air officers said the increasingly-frequent Soviet warnings of air activity are intended to harass the Allied air lift.

The Americans made the usual protests to the Russians.

Actually there were only two reports of the Russians carrying out their activity. One American pilot said he nearly collided with one of three Russian transport planes as he approached for a landing in the British sector. A British pilot reported that he saw a Soviet bomber drop explosives in the Soviet zone near Berlin.

The three Air Force units being sent overseas are the Tactical Air Command's 313th Troop Carrier Wing at Bergstrom Air Force Base, Austin; the 98th Air Supply Squadron from Kelly Air Force Base, San Antonio, and Company A of the 809th Engineer Aviation Battalion from Fort Francis E. Warren, Cheyenne, Wyo.

Quit that scratchin'.

THE CAMERON HERALD

OCTOBER 21, 1948

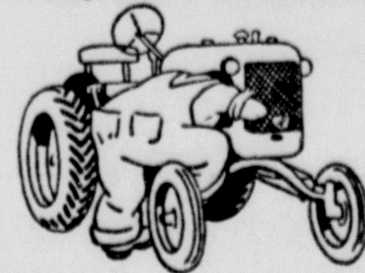

Mr. and Mrs. L. G. Schiller and family of Buckholts and Mr. and Mrs. Johnnie Gaekey of Owensville spent the week end in the home of Mr. and Mrs. Oscar Greenvolgey in Llano. Mrs. Schiller and Mrs. Gaekey are sisters of Mrs. Greenvolgey of Llano.

Mr. and Mrs. J. R. Allen of Lufkin spent the past week end with their son, Mr. and Mrs. W. C. Allen of Cameron.

Reed Rogers, well known insurance man of Corpus Christi spent Sunday here with his father, Wm. R. Rogers.

Austin to join her husband who is attending St. Edwards University in Austin. Mrs. Rubino and children recently returned from New York and have been visiting her parents in Cameron. She will be remembered as Lucy Krenck.

**THIS HOSTESS GUEST AT OWN PARTY**—Modern farm, rural and urban homemakers alike can be guests at their own tables these days with a modern electric roaster to do the cooking. One of the most versatile appliances in the kitchen, this compact, portable "chef" broils, bakes, stews, grills, roasts... everything from soup to dessert!... and cooks an entire meal at one operation. Texas Power & Light Company introduced such appliances as the electric roaster in this area, just as it pioneered in the development of rural electrification in Texas, building lines to serve farm and rural areas as early as 1915. Today, of the 239,000 customers served by the company, more than 68,000 live on farms in rural communities.

# Humble's Football Menu Saturday Is A Four Game Affair

Two Conference games and two intersectional meets are on the menu of Saturday broadcasts by Humble Oil and Refining Company.

Both Conference games are afternoon ones, starting at 2:20 p. m. The Rice-Texas game at Houston will have Kern Tips for play-by-play announcer, assisted by Alec Chessier.

Game will be carried on KTRH, Houston; KRLL, Dallas; KABC, San Antonio; KVET, Austin; KWB, Corpus Christi; KRGV, Weslaco; KGNC, Amarillo; KFYO, Lubbock; KOSA, Odessa; KIUN, Pecos; KROD, El Paso; KFDM, Beaumont; and KPET, Lamesa.

Humble's broadcast of the Baylor-Texas A&M game will come from Waco over stations WFAA, Dallas; WOAI, San Antonio; KPRC, Houston; KRIS, Corpus Christi; KVAL, Brownsville; KURV, Edinburg; KW-

TX, Waco and WTAU, College Station, at 2:30 p. m. Bill Michaels and Eddie Barker will be announcers.

Both intersectional games are night games and broadcasts start at 8:00 p. m. For the SMU-Santa Clara broadcast Ves Box and Fred Kincaid will share the announcing job. Stations WRR, Dallas; KFJZ, Ft. Worth; KNOB, Austin; WACO, Waco; KABC, San Antonio; KRIO, McAllen; KRBC, Abilene; KGKL, San Angelo; KBST, Big Springs; KCRS, Midland; KGV, Greenville; KRRV, Sherman; KPLT, Paris; KCMC, Texarkana; KFRO, Longview; KTRF, Lufkin; and KTHH, Houston, will carry the game.

The TCU-Oklahoma game at Ft. Worth will be announced by Charlie Jordan and Hal Thompson and may be heard on WBAP-570, Ft. Worth; KXYZ, Houston; KTSA, San Antonio; KFDX, Wichita Falls at 8:00 p. m.

## Clothing Drive For Old World Needy Is Launched By Baptist

First Baptist Church has launched the Annual "Clothes For Europe" program, October 18-31. The church joins with a south-wide movement to relieve suffering in Europe.

The clothing will be sent to the Southern Baptist Relief center in New Orleans to be forwarded overseas.

Needy Baptist families of Europe and Asia will receive the materials as distributed by Baptist pastors and Missionaries.

Rev. L. L. Morris asks that the membership bring clothing to the Educational building during the next two weeks. Other faiths are invited to share in the drive. Anything clean and in good repair, or new and used garments will be acceptable. Woolen clothing for men, women and children of all ages are needed. Also shoes, bedding and household linens.

On the committee are Mrs. O. L. Kidd, Mrs. H. G. Chamberlain and J. C. Mayfield. Rev. M. A. Sanderford, pastor of Milano Church is chairman of the committee in the county with committees from various churches.

## Pastor's Cabinet at Baptist Church Here Plans Nov. Program

Members of the pastor's Cabinet at First Baptist Church met at 3 p. m. Sunday.

Leaders of all phases of the Church were present, and duties of each leader were related as they made plans for the new year, including the launching of the church budget for 1948-1949. Tentative dates were set for Budget day to be observed November 13, with J. Max Howard as chairman of the Budget committee.

Work for the entire month of November was outlined, which will include Stewardship of the church, R. A. Focus week during the week Nov. 7-13, pastor and Brotherhood and W. M. U. delegates will attend the Baptist General Convention of Texas, Nov. 8-11, Lottie Moon Christmas week of prayer Nov. 29-Dec. 3, with a goal of \$500 to be given by the church.

Tom Cole will be director of Young People's Recreational Programs. Mrs. Wells Smith gave a report on the Church Library relating to good books and urged the library be used.

## Milano Future Farm Boys Begin New Year With Improvements

The Milano FFA Chapter has begun its new year with a new barn and a new paint job on its building. At the first meeting, on the 24th of September, plans were made for the year and committees were appointed. Reports from the summer activities were heard and adopted. The regular meeting dates will be each first Monday night in each month.

In summerizing last year's work, we have overhauled our building and shop, fed out 94 head of swine; placed 22 guilts and one boar; finished out seven calves; raised five acres of tomatoes; entered leadership contests sponsored a local show; sponsored a FFA basketball tournament; and raised the standard of our chapter to Bronze metal rating.

We had four boys to qualify for The Lone Star Farmers Degree this year.

We now have the facilities and the organization to accomplish much greater goals and are planning ways and means to do so.

Officers are: Jimmie Robinson, president, C. D. McGee, vice-president, R. B. Fuzzell, 2nd. vice-president, Barney Baggett, 3rd. vice-president, Carol Wise, secretary; James Pratt, treasurer; Alfred Owens, reporter; Cecil Kornegay, parliamentarian; Herman Hairston, sentinel, Curtis Huddleston, Historian and J. E. White, adviser.

Mrs. E. R. Hearne and children of Bryan are spending a few days in Cameron this week with relatives.

## 7 INDICTMENTS ARE RETURNED BY JURY

Seven indictments have been returned by the Grand Jury in District court and three arrests have been made, four of the men indicted not placed under arrest in time for the report.

Harry Sims, negro, of Waco is under indictment for burglary. He is charged with stealing articles from the Walter Stilwell home in Ben Arnold on September 12 and sold them to negroes in Cameron.

Albert Lloyd Callee, white man, was indicted for passing as true a forged instrument, a second offense. The law provides that where a person is convicted a second time for an offense of this nature, the punishment shall be the maximum.

James Franklin, negro, is indicted for murder in connection with the slaying of William King on the Sneed farm September 23.

## Central Butane Here Gets Injunction at Austin Dissolved

Central Butane Company in Cameron has cleared up the injunction issued in an Austin District court over license renewals, it was announced here Friday morning by Mr. Wells.

Mr. Wells said that there had been some delay in the transmission of papers incident to the renewal of licenses to transport butane gas over the highway.

Action was brought by Attorney General Price Daniel to restrain the Cameron company from transporting due to absence of proper license. Mr. Wells says the matter has been cleared and the injunction dissolved.

## HIGGINBOTHAM RITES AT CHINA SPRINGS SAT

(From the Daily)

Tentative funeral arrangements for W. G. Higginbotham of China Springs call for funeral services Saturday, October 16 at 2:30 p. m. Interment will be made at China Springs where the family has resided for many years.

Mr. Higginbotham, father of Jack Higginbotham, highway patrolman stationed in Cameron, was killed in a car crash near Houston Tuesday, October 12. The body is at the Wilkerson-Hatch Funeral Home in Waco.

Jack Gaines, associated with Jack Higginbotham here as highway patrolman, said that Mrs. Higginbotham's condition is most critical. She is in a Houston hospital and a brain specialist has been called in.

When compared to the development of most animals, man's average life span should be 150 years.

## PURINA HOG CHOW

INSTEAD OF TANKAGE

Yes, this is a feedlot fact! For, as you know, it takes a good feeder to make 100 lbs. of pork with 7 1/2 bu. of corn and 40 lbs. of tankage. But many farmers on the Purina Plan make 100 lbs. of pork with 5 1/2 bu. of corn, 50 lbs. of Hog Chow.

Figure it out: That's 36% (over 1/3) more pork than most feeders get with grain and tankage — and about twice as much as is possible with grain alone... feedlot proof that it pays to balance your grain with Hog Chow for more profitable results!

So, regardless of what grain you have, come in. Let us figure you an economical hog ration with Purina Hog Chow.

**WORM PIGS WITH PURINA PIGTAB GRANULES**

It's easy and effective... just mix in the feed. Low cost, too!
